  - VIII. Important notes:
    - a. These tiebreaker rules must be applied one after the other and in the sequence outlined above until the tie is broken. Once a team is eliminated from the tie, the procedure reverts back to step ( I ) for the remaining teams.
    - b. This procedure, in most cases, will declare the team in the HIGHEST position. However, in some cases, the procedure will declare the LOWEST position between tied teams and that team shall be dropped from the tie breaking procedure (ex. The higher teams remain tied). In that case, we also revert back to step ( I ) for the remaining teams.
    - c. In all cases, the maximum difference (spread) between goals scored and goals against in a game will be set to seven (7) goals, which become the "official score".
    - d. This procedure could also be used to determine the team standings before the start of inter-division games.
14. Breaking ties in Championship games: if a tie exists at the end of regulation time of a final game, a 5-minute stop-time sudden victory overtime game will be played. If no overtime goal is scored, a "shoot-out" will determine the winner. A semi final goes to shoot-out (no overtime).
  15. If a match penalty or misconduct penalty is assessed against a person, he or she will be expelled for the duration of the game. Additional penalties may be assessed as per section 6 of Ringuette Quebec regulations.
  16. These are the general Tournament rules. Additional details concerning Ringuette Quebec experimental and other rules will be provided to the coaching staff at registration (reservists RQ 2.2.06 and coaching certification RQ 5.02.04).
